

With 6,300 employees in research, teaching and administration and its unique profile, TU Dortmund University shapes prospects for the future: the interaction between engineering and natural sciences as well as social and cultural studies drives both technological innovations and progress in knowledge and methodology. It is not only the roughly 34,300 students who benefit from this.

The Faculty of Statistics is the unique autonomous Faculty of Statistics in the German-speaking region, offering a versatile research environment by managing and participating in several Collaborative Research Centers (SFBs) in the fields of Statistics, Computer Science and Engineering.

The Faculty of Statistics at TU Dortmund University is seeking to fill the position of a

## Professor (W3) in “Econometrics and Statistics”

commencing as soon as possible. The successful candidate will specialize in research and teaching in the field of Econometrics and Statistics.

We are seeking a personality with an outstanding academic record in econometrics and statistical method development, evidenced by publications in recognised organs, including those employing peer-review. An appropriate habilitation or performance equivalent to a habilitation and international visibility, including conference papers, are a pre-requisite.

Applicants should be qualified and willing to contribute to collaborative research projects within and outside TU Dortmund University.

Successful acquisition of third-party funds is required. Experience in the acquisition of collaborative research projects is an asset.

An appropriate contribution to the department's curriculum, in particular in the master's course "Econometrics" – in the medium term in German and English language – is expected.

The successful candidate will possess social and leadership skills and be willing to be involved in academic self-governance.

Preconditions for employment are specified in § 36 and § 37 HG NRW (law governing universities in NRW).

TU Dortmund University strives to increase the number of women in academic research and teaching and therefore explicitly encourages women to apply.

TU Dortmund University is an equal opportunity employer and gives preference to candidates with disabilities if equally qualified.

TU Dortmund University supports the compatibility of work and family life and promotes gender equality in science.

**Please send your application, including the usual documents (CV, certificates, list of publications (citing a maximum of ten most important publications), list of acquired third-party funds as well as, if any, teaching experience and teaching evaluations), by e-mail (in one pdf-file) to the following address by 24.06.2020**
